CONVENIENT LICENSE ACQUISITION PROCESS

Simplified licensing model places the focus on deployment rather than administration. Available for 10 to 299 users, licensing is priced on a per seat basis, where the organization can choose any mix of client or server based PDF creation tools in addition to providing PDF viewing, merge, mark-up and form-fill tools for each desktop. A master license allows immediate deployment of additional software as needed.

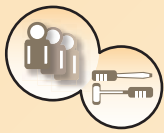

LICENSE FEE DISCOUNTING BASED ON COMMITMENT TO VOLUME

Software licenses can be acquired at a lower license fee than standard software. Discounting is based on license acquisition total; the more end user licenses that are acquired, the greater the savings, because the greater the discount becomes based on commitment to volume.

JAWS PDF ENTERPRISE SUITE™

Available for 300 users upwards, Jaws PDF Enterprise Suite consists of Jaws PDF Server Suite and Maintenance Cover so

that IT administrators can be reassured that they always have access to the latest software.

With Jaws PDF Enterprise Suite you get the following products in one convenient software package:

- Jaws PDF Desktop Suite
- Jaws PDF Server Suite
- Jaws PDF Creator
- Jaws PDF Editor.

Jaws PDF Enterprise Suite provides IT administrators with a number of benefits over and above purchasing Jaws PDF Server Suite:

FLEXIBLE DEPLOYMENT OPTIONS

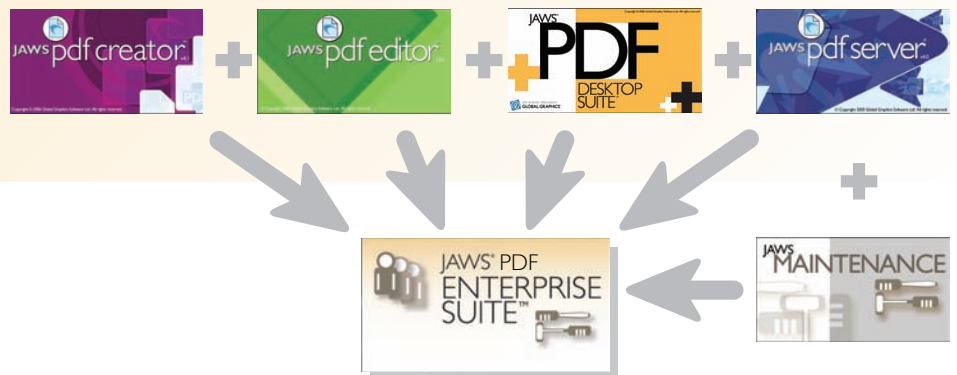

Jaws PDF Enterprise Suite gives IT administrators the freedom to choose the deployment model that suits their organisation's needs. In addition to getting the Jaws PDF Desktop Suite and Jaws PDF Server products, organizations also get the standalone Jaws PDF Creator and Jaws PDF Editor products. Access to all of these products provides IT administrators with the ability to decide who gets what PDF capability and thus tailor the deployment plan to suit individual departments.

GREATER LICENSE FEE DISCOUNTING

Discounting is based on license acquisition total; the more end user licenses that are acquired, the greater the savings, because the greater the discount becomes based on commitment to volume. Aggregating software orders worldwide can leverage the Licensee's acquisition power.

Maintenance Cover ensures that your organization is always using the current version of Jaws PDF Desktop Suite, Jaws PDF Server Suite, Jaws PDF Creator, and Jaws PDF Editor software.
